

DISASTER AND DEVELOPMENT

**WHERE ARE WE NOW
TWO YEARS
AFTER HYOGO?**

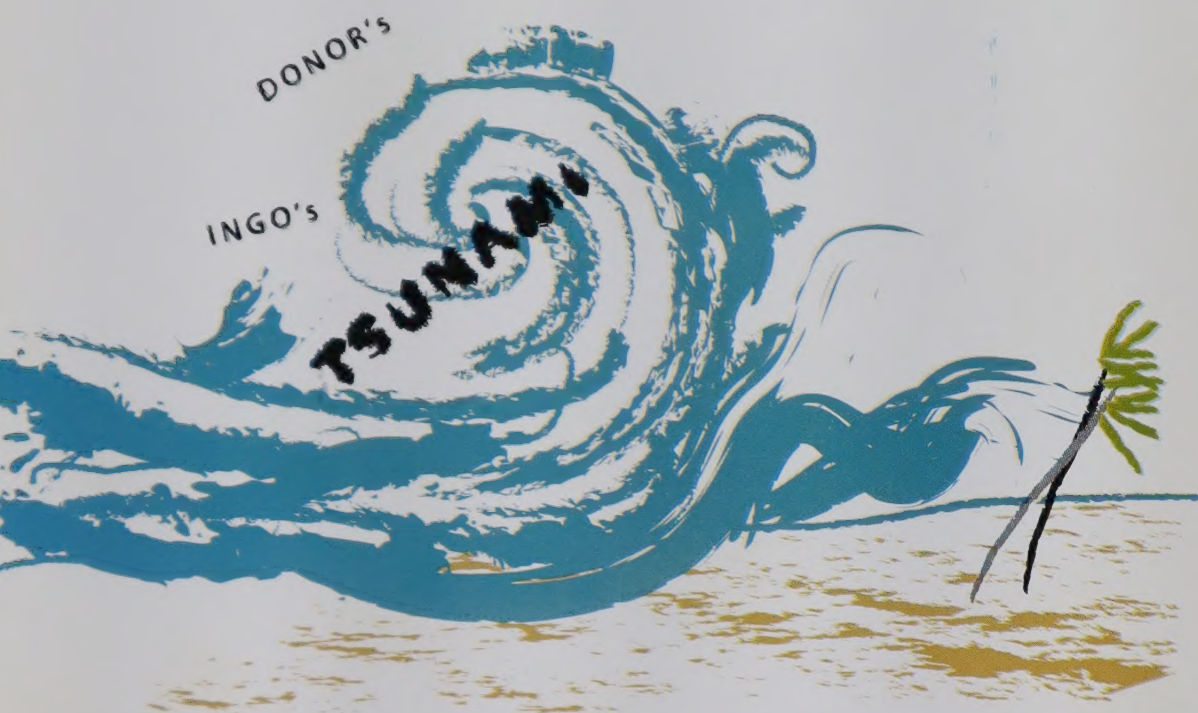

Tuesday 5 June

1.15pm – 2.45pm

International Conference Centre, Geneva,

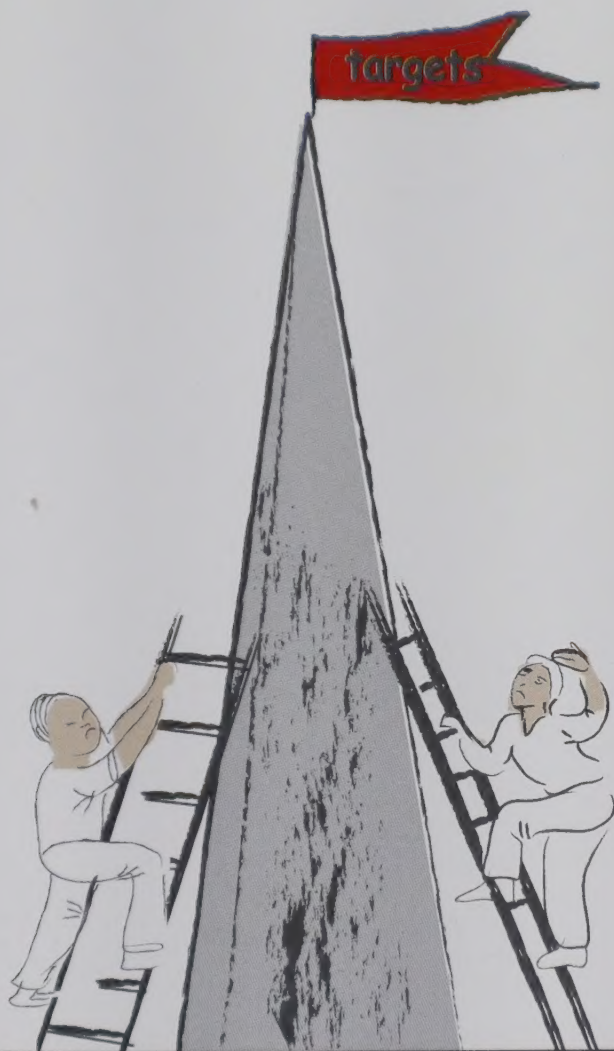

Directions given:
prepare and reduce risk

A wave
of external stakeholders enter

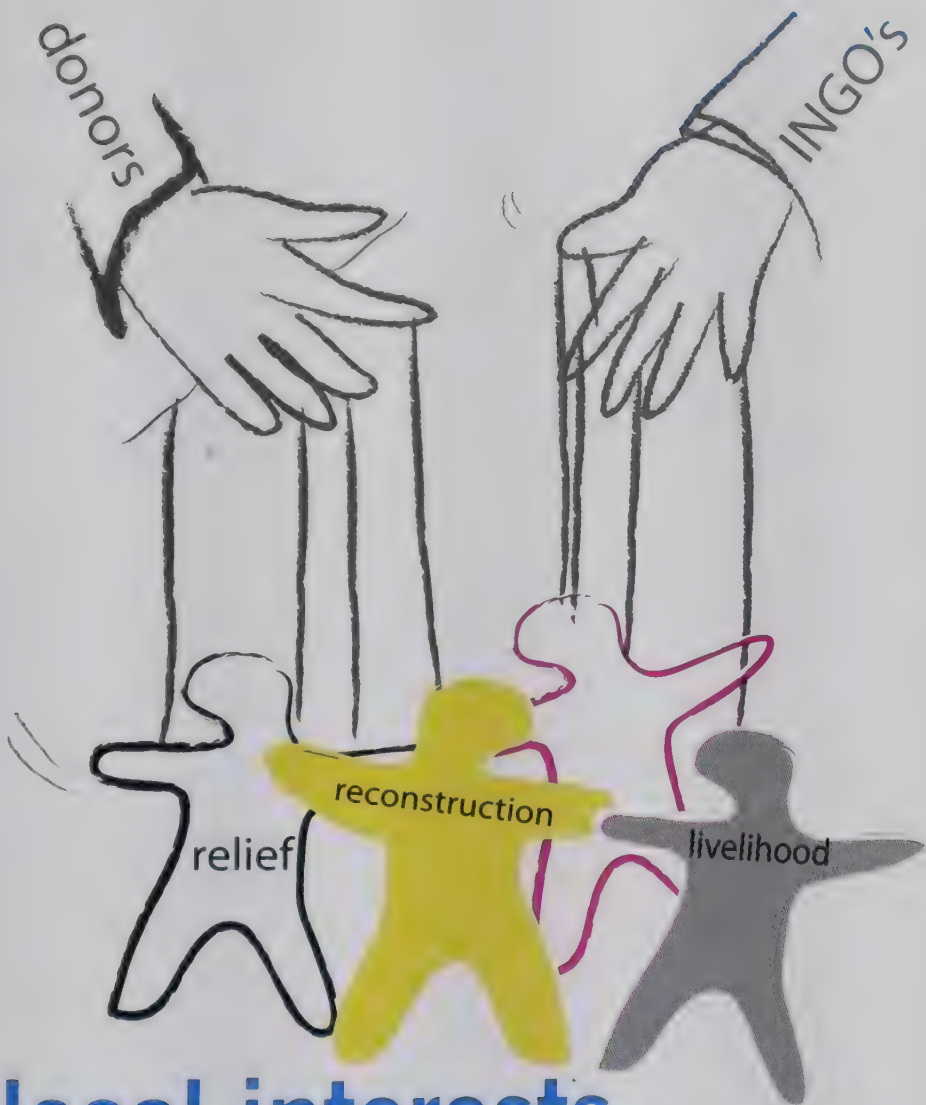

Everyone wants a
piece of the pie

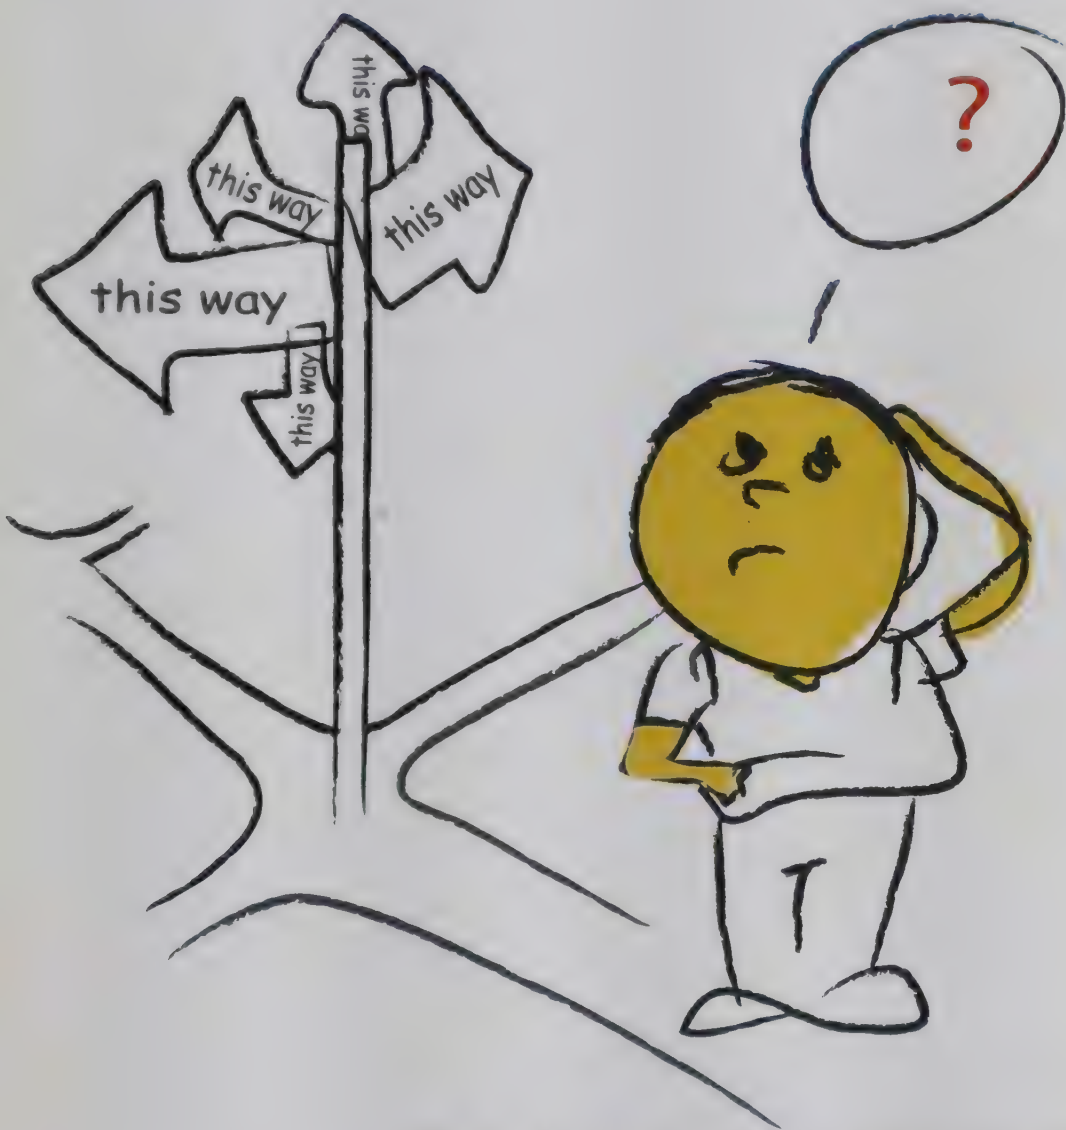

Different routes:
none can reach common target

Sector-wise approach:
sustainable development undermined

Have **local interests**
been compromised?

But disaster management
still at crossroads

Vulnerability

Increased
